Dear Resident,

Covid-19 – even if you don't have symptoms of Covid-19 please have your free test now.

A major Covid-19 community testing programme has launched in the Boston Borough to help drive down transmission rates and protect the community.

Around one in three people who are infected with Covid-19 have no symptoms, so could be spreading the disease without knowing it. Broadening testing to identify those with Covid-19 but showing no symptoms will mean finding positive cases more quickly and breaking chains of transmission.

With its targeted approach, community testing aims to reduce the prevalence of the virus in the highest risk areas. Boston Borough has been included in the enhanced community testing programme following a successful bid to Government from Lincolnshire County Council. The County Council is working with Boston Borough Council and the Department of Health and Social Care to deliver the testing.

Those aged 16 and over in the Borough are being asked to access a Covid-19 test even if they have no symptoms. Those aged 16 and 17 should be accompanied by an adult or have consent of parent/guardian.

Testing is available for people without symptoms until February 14, 2021, between the hours of 8am and 8pm. The testing is taking place at the following locations:

- Peter Paine Performance Centre, Rosebery Avenue, Boston PE21 7QR
- Tollfield Campus Haven High, Tollfield Road, Boston PE21 9PN

The sites are open 7 days a week. No appointment is necessary – just turn up at one of the sites.

Even if you feel perfectly fine, please find the time to have a test. No appointment is necessary – just turn up at one of the sites.

More information can be found at www.mybostonuk.com/coronavirus

If you do have symptoms of Covid-19 - a high temperature; a new, continuous cough; or a loss or change to sense of smell or taste – you should book a test via the Government testing website at www.nhs.uk/coronavirus or by calling 119. Anyone displaying symptoms should immediately self-isolate pending the outcome of that test.

Please continue to do your bit to help.

Yours sincerely,

Rob Barlow
Chief Executive
Boston Borough Council

Professor Derek Ward
Director of Public Health
Lincolnshire County Council
